

AMO Sovereign Whitestar Phaco System

Reconditioned • Calibrated • Patient Ready

The Sovereign Whitestar represents a breakthrough in safe, easy lens removal technology that has never been available to the cataract surgeon — until now. And it comes from the company that has pioneered virtually every major breakthrough in phacoemulsification in the past two decades.

Only the WHITESTAR Signature™ System combines the safety of revolutionary Fusion™ Fluidics with the optimized cavitation of WHITESTAR® Technology. The integration of these technologies creates the versatility needed to remove both hard and soft lenses.
